

## EConDA Tool - Evaluation survey

### About this survey

**The purpose of this survey is to get your feedback regarding the obesity and smoking tools that the EConDA consortium has produced. This survey includes questions on the user friendliness of the tool, it's set up and outputs. We are also interested in feedback on the other tools you may use.**

**The survey should take no more than 10 minutes to complete.**

**The survey is anonymous and no personal information is stored.**

**If you experience any problems with the survey or have further comments please contact [lise.retat@ukhealthforum.org.uk](mailto:lise.retat@ukhealthforum.org.uk).**
